How to book your Free HR Health Check?

When you register for the document library (the last page of this document) you will be directed on how to book your free *HR Health Check*.

Why do I need to be HR Compliant?

With the constantly changing regulations across all provincial and federally regulated industries, HR compliance laws can be complex to understand and implement. There is a lot at stake, from heavy fines to court orders.

How does the HR Health Check work?

We perform an in-depth compliance assessment and provide you with an HR Compliance Checklist to help you understand the actions to take to get your business HR compliant.

What if I am not HR compliant?

You can act on your own. Or we can help by laying out a clear plan to get your organization HR compliant in 30 days or less.

What if I am HR compliant?

Great! You'll be able to breathe a sigh of relief and you can still access all the partnership perks, like free access to over 700 HR documents (job descriptions, letters, policies, and more), and other discounts like 50% off our recruiting commission.

Can I access additional HR services?

Yes. Our professional services are specifically tailored for small businesses. Plus, all of our paid HR services come with our industry leading 30-day money back guarantee and unlimited HR advice.

How much does it cost?

It's way cheaper than you think. Book your *HR Health Check* to learn how our subscription based HR services can give your organization the support you need - *and* cost certainty.
